About

I'm a 29 years old Product Designer and Front-end Developer.
I graduated from Bezalel in 2015 (B. Des), and since then I've been complementing my education of User Experience and Front-end Development.
I graduated from Udacity's Front End Nano Degree program.
I'm passionate about solving problems in a human-centered way and making stuff work.
I'm proficient with Sketch and the entire Adobe Creative Suite (Ps, Ai, Ae, Pr, etc). I include React, jQuery, and LESS in my development workflow.
