About

Hi again. I'm Isaac Sheptovitsky, but everyone calls me Vitsky. I'm a 30 years old UI/UX, I live in Ramat Gan

I graduated from Bezalel in 2015 (B. Des), and since then I've been complementing my education of User Experience and Front-end Development.

I graduated from Udacity's Front End Nano Degree program, and shortly after, from Tal Florentine's UX course at John Bryce.

I'm passionate about solving problems in a human-centered way and making stuff work.

I teach User Experience to product teams and branding studios.

I'm proficient with Sketch and the entire Adobe Creative Suite (Ps, Ai, Ae, Pr, etc). I include React, jQuery, and LESS in my development workflow.

I'm fluent in both Hebrew and English.

Check out my works at my [website](#) and my [dribbble](#) page.

2011-2015

Visual Communications
@Bezalel

2016-2018
