About

I'm a 28 years old UI/UX Designer.

I graduated from Bezalel in 2015 (B. Des), and since then I've been complementing my education of User Experience and Front-end Development.

I'm passionate about solving problems in a human-centered way and making stuff work.

I'm proficient with Sketch and the entire Adobe Creative Suite (Ps, Ai, Ae, Pr and etc.); I include jQuery, GSAP and LESS in my workflow.

I play around with Cinema 4D and you can check it out on my dribbble page.
